NOTES OF INTEREST

More Events: Last week was "Cultural Arts" week, and this week there are a few strictly entertaining programs. A Comedian from Illinois will visit campus on Tuesday from 12-1 in the lobby of Cook Hall. Brian Schmidt uses a Steve Martin style along with his creative thoughts and descriptive observations of humanity. He should be quite entertaining!

On Thursday, a Lima native - gone professional, will be performing. Parker MacDonell will entertain the campus with his talented guitar playing and mellow rock style. He has had a lot of experience playing with bands and in clubs out in California. His album "Home of the Heart" is being played by several local radio stations. Don't miss Parker on Thursday from 12-1 in the lobby of Cook Hall.

OSU Undergraduate Student Government Elections: Attention all Ohio State students. It is about time to vote for next years student government representatives in Columbus. There are several teams running for the overall positions of president and vice president and there are two candidates for Lima Campus Representative. Several of the candidates were on campus last week to campaign, and information is available in the LANTERN also. The regional campuses are usually affected by the actions of U.S.G. so get involved and vote.

The candidates for Lima Campus Representative are: Darrell Craft and Nan(cy) Newsome. Informational flyers on these two candidates is available. It will be a difficult choice, but one which must be made.

It is your responsibility to vote. Elections will be held on Wednesday and Thursday from 10-2 pm in the Galvin Lobby. All you need is a student I.D. card and a few minutes time.

College for a day program: Have you been noticing a few new faces in class lately? They may be high school students visiting OSU-Lima for a day. The OSU admissions office invites students to campus to sit in classes and experience college life. There are probably a few of you who participated in the program last year or in years prior. Why don't you give these visitors a smile!

Pool Tournament: Sign-up for the spring pool tournament is beginning. The tournament play will begin on Wednesday, April 11. The cost is only \$1.50 for a chance to win a beautiful trophy. The tournament is straight 8-ball and both men's and women's divisions are available. There may be a few faculty/staff members joining also- so get involved. Rules of play are available, along with registration forms, in GA 015.

Euchre tournament: The annual spring quarter euchre tournament is being formulated. Tentative starting date will be Wednesday, April 25, with the tournament ending during May Week (May 7-12). This will also be a single elimination tournament of 4-handed euchre. This tournament is mostly for fun - so you don't have to be great to enter. Faculty, staff and students are invited to sign-up.

Intramurals: According to John Stroia, the spring intramurals of golf, softball, and tennis will begin in the middle of April. So, if you have not signed up to play, there may be time. See John for details (Cook Hall 105 - office across from the gym).

Whitewater Rafting: Interested in Whitewater Rafting in West Virginia? There will be a meeting at 12:00 noon on Wednesday, April 11 in Ck 105. Contact John Stroia for further details.
